

## **TASK ORDER AMENDMENT**

---

Project: Food Waste Receiving Station

Task Order No: 2A

Issued To: Wessler Engineering.

**All work shall be performed in accordance with the Agreement between the Board of Public Works and Safety, City of West Lafayette, Indiana and Wessler Engineering executed August 2, 2010.**

### **I. Project Description**

Engineer was previously authorized in Task Order No. 2 to prepare drawings and specifications for a food waste receiving station which includes an elevated steel platform with tote lifting device (to be provided by Owner), discharge chutes, new grinder (to be provided by Owner), and appurtenances. Engineer also assisted Owner with requesting and receiving quotes from Contractors for the Project.

### **II. Scope of Services – Basic Services, Construction Phase**

Provide engineering services during construction and installation of the food waste receiving station. Anticipated tasks include attending pre-construction/kick-off meeting, responding to Contractor questions and requests for information/clarifications, attend periodic meetings, and conduct site visits to observe the Work with conformance to the Contract Drawings.

### **III. Probable Project Schedule**

The schedule is dependent upon delivery of equipment and Contractor. Installation is anticipated mid-December 2010 for a two week period.

### **IV. Compensation**

Compensation for Basic Services, Construction Phase as defined in Article II shall be based on the actual labor and expenses incurred in performing the services at the Engineer's Standard Hourly Rate and Reimbursable Expense Schedule in effect at the time the services are performed, at an estimated fee of \$5,000.

### **V. Project Staff**

The anticipated Project Staff is listed below:
